### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Elaine H. Lo on 2/17/2006. The application has been amended as follows:

The amendment to the specification, filed by the applicant on 1/18/2006, contains paragraph reference errors to which changes have been made. The following paragraph reference numbers should be changed accordingly:

Paragraph "[0012]" should be changed to --[0014]--.

Paragraph "[0013]" should be changed to --[0015]--.

Paragraph "[0031]" should be changed to --[0033]--.

Paragraph "[0032]" should be changed to --[0034]--.

Paragraph "[0034]" should be changed to --[0036]--.

Paragraph "[0036]" should be changed to --[0038]--.

Paragraph "[0038]" should be changed to --[0040]--.

Paragraph "[0040]" should be changed to --[0042]--.

Paragraph "[0041]" should be changed to --[0043]--.

Claims 1-10 and 15-16 have been cancelled.

2. The following is an examiner's statement of reasons for allowance:

The prior art does not teach or suggest an apparatus for applying a grip to a golf club wrapped in doubled-sided water activated tape. The present invention includes a base with a shaft retention device for holding the shaft and a moveable attachment mechanism for applying the grip to the golf club. The moveable attachment mechanism contains a needle for inflation, a first and second guiding rod, and an arm. The needle is attached to the arm such that the needle and the first and second guiding rods extend in a horizontal plane. Although Tsiguloff (US Patent No. 6,460,237) teaches using a needle to inflate a golf club handle for insertion on a shaft, Tsiguloff does not teach the specific structure of the present invention. The device further contains a spray nozzle for the application of water over the double-sided tape on the grip. These limitations, in combination with all of the other claim limitations, are not taught in the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
